

# Afortunada JW

(nick name Lux/Lucky)

14.1hh Bay Partbred Spanish mare (50% Spanish x 50% Welsh D type), registered with the British Association for the Purebred Spanish Horse Ltd. Register II for partbred Spanish horses.

DOB 08/08/2005

Microchipped and passported

Lux has been professionally backed and schooled. She has straight movement that is attractive to watch and will do well in RC dressage competition. Three good paces that are active and expressive. Working at Prelim level and ready to compete. Her grand sire is Oficial XXIX and she carries the Albero II bloodline.

Now starting jump training and is showing all of the ability of her BSJA competition dam who successfully competed at junior placed nearly every time out. Currently Lux is jumping 2 ft 6 show jumps with ease and has popped cross country fences. Jumping trainer has indicated that she should be a serious competition prospect at show jumping.

Lux is good to shoe, box, clip, no vices. She is safe and sensible but with plenty of energy. Would suit anyone looking for a great quality pony that can do it all, she is also a great breeding prospect. Open to vetting.

£3500 ono, Price includes tack and rugs
